Welcome to *Spirit of Giving*, a publication for friends of CHRISTUS Trinity Mother Frances Foundation, a not-for-profit Texas organization. This magazine spotlights the generosity and involvement of CHRISTUS Trinity Mother Frances' family of benefactors and the impact of their philanthropy on the institution. In showcasing these individuals and the phenomenal programs at CHRISTUS Trinity Mother Frances Health System, we illustrate the power of philanthropy and its crucial role in building a healthier society.

## The Perfect Storm

A perfect storm is described as “a rare combination of events or circumstances creating an unusually bad situation.” What the world has experienced so far in 2020 most definitely feels like getting hit by a 100-foot wave. The Foundation launched its fiscal year July 1, 2019 with smooth sailing ahead. Our fall Foundation and Children’s Miracle Network events and our spring fundraising season were in our sites and we were on course. Enter the “winds of change!” By March 2020, the COVID-19 virus had become our new reality, the decks were cleared of all special events through the end of June and we had to chart a new course as a Foundation, as a health system and as a population. What an unprecedented year it has been for all of us.

Even in these difficult times, the Foundation has been blessed to feel firsthand the collective compassion of donors, community partners, board members and Associates.

In this annual report:

- We look back on a year full of selfless acts of kindness and support
- We celebrate the completion of projects that will swell our community’s health care
- We map out our new horizons for 2021

Our community is still experiencing choppy seas, but we hope you are inspired by the rich stories featured in this issue. Read about the advancements that would not have happened without your help. Be reminded of how you came to the assistance of our health care heroes. Your support and encouragement came from all points on the compass, and we are grateful.

In the middle of the perfect storm, our God is with us and our community is bound by commitment and perseverance as we face the giant wave together.

“WHEN YOU PASS THROUGH THE STORMS  
I WILL BE WITH YOU.”  
ISAIAH 43:2

# ONE TRUE NORTH

*"The magnetic compass was one of the most important navigational tools ever invented. It uses a magnetic needle that can turn freely so that it always points to the magnetic north of the Earth. Magnetic North varies slightly to the west of True North, the geographic north point on the globe."*  
**National Geographic**

I must confess, I am directionally challenged. I depend heavily on Google Maps to avoid wandering aimlessly. I am so grateful that my car has a compass feature to tell me the general direction I am heading, north, south, east or west. But the compass feature is only useful if I know the location of my destination. ("We live in East Texas, so it must be east" doesn't work...) The compass points to magnetic north, so to navigate, you have to know where true north lies.

There is an old phrase, "Man plans; God smiles." In the calm before the storm, the CHRISTUS Trinity Mother Frances Foundation had made great plans for the second half of our fiscal year beginning in January 2020. We knew what each event would look like: Children's Miracle Network would have many community events including the Miracle Run and college-hosted Dance Marathons. The Foundation Women's Board would host A Toast to

East Texas 2020, a series of nine unique parties at some of the most exceptional homes and venues in East Texas. The Red Door Project Donors would tour the completed Bradley-Thompson Tower and be celebrated at an appreciation party. To name but a few...

When we were planning, how could we have known a virus was going to bring the world as we know it to its knees? That which we expected did not come to pass, and we feared the worst for our annual outcomes. For a moment, like the rest of the world, we felt like a boat that had drifted into uncharted waters, lost at sea.

But, in the midst of the raging storm, God had already imagined something greater than any of us could have planned. You, our generous supporters, answered the SOS we sent out for assistance in so many ways.

- You generously donated to the Birth Center Expansion Project.
- You came out to support Miracles Begin With You.
- You signed up for the 1937 Founders Fellowship.
- You made gifts through the COVID-19 Relief Fund.

Each gift was a special lifeline you shared with us, and we are truly grateful.

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11

In thinking about how we would "navigate in this new normal," I realized that CHRISTUS Trinity Mother Frances Foundation had to determine our "True North" to find our way forward. Our True North as a health system is our mission, extending the healing ministry of Jesus Christ, and our Core Values radiate our belief in this mission.

- **Dignity:** Respect for the worth of every person, recognition and commitment to the value of diverse individuals and perspectives and special concern for the poor and underserved.
- **Integrity:** Honesty, justice and consistency in all relationships.
- **Excellence:** High standards of service and performance.
- **Compassion:** Service in a spirit of empathy, love and concern.
- **Stewardship:** Wise and just use of talents and resources in a collaborative manner.

So yes, maybe this virus has brought us all to our knees; but while we are kneeling, we will pray to the one who has the power to lift us up. There is no way to know what tomorrow holds in this painful and uncertain time. But if we keep our bow headed towards "True North," and with you as our "crew," we will find our way to calmer seas.

# CMNH CELEBRATES MIRACLE MAKERS

On January 30, 2020, Children's Miracle Network Hospitals and community supporters came together to celebrate a very special Miracle Maker. Sister Malgorzata Majszczyk, lovingly known as Sister Margo, serves as a Chaplain at CHRISTUS Mother Frances Hospital - Tyler. In 1994, Sister Margo began her role as Hospital Chaplain at CHRISTUS Mother Frances Hospital, where she fell in love with the Pastoral Care ministry.

Sister Margo begins each day with prayers and Mass before heading out to serve patients and hospital staff, primarily in the Neonatal Intensive Care Unit. Sister Margo witnesses daily the miracle of babies being born, rejoices with new parents and offers peace and comfort to families experiencing difficult circumstances. She strives to be an example of God's love to patients and families, carrying out our system mission, to extend the healing ministry of Jesus Christ. Our community is blessed to have Sister Margo as an integral part of the healing process.

A special volunteer, **Mike Rowan**, was honored with the Mildred C. Crawford Heart for Children Award. Mike has been volunteering his time and talents for the past twenty years and has been an invaluable member of the CMNH team, contributing to the success of many annual events. A tireless worker with a passion for helping children, he has supported the Miracle Run, the Telethon, Radiothons, the Christmas Parade and countless fundraising efforts. We are so grateful for his servant's heart and his skill with a hammer!

Thanks to the generosity of our community supporters, the 8th annual Miracles Begin With You! raised nearly \$120,000 to continue to provide the best health care possible for children served by CHRISTUS Trinity Mother Frances Health System.

## 2020 MIRACLE CHILD - KIMBER JANE DE LA CRUZ

When you meet 2020 Miracle Child, Kimber Jane De La Cruz, the first thing you'll notice is her big smile and even bigger hair bows. Whether dancing to music, cheering for her siblings at their sports matches or simply hanging out with her family, Kimber is a happy four-year-old girl. But, the beginning of Kimber's life was full of obstacles that the family had to overcome together.

Kimber was born at 27 weeks gestation, weighing just 1 lb. 15 oz. and measuring only 13.5 inches long. Doctors knew Kimber would have to fight for her life in the Neonatal Intensive Care Unit at CHRISTUS Mother Frances Hospital – Tyler. Kimber's list of medical challenges while in the NICU included frequent drops in oxygen saturation levels and heart rate, three blood transfusions, retinopathy of prematurity, days on a ventilator and months on oxygen support. At nine weeks, a routine scan showed damage to the white matter in her brain, known as Periventricular Leukomalacia. After twelve weeks in the NICU, Kimber was finally able to go home. The De La Cruz family noticed

developmental delays, and at just under a year old, Kimber was officially diagnosed with Hemiplegic Cerebral Palsy, leaving her with ongoing physical challenges that include weakness in her right arm and leg, balance issues and a minor speech delay.

Despite the challenges, Kimber remains a strong-willed, happy little girl whose favorite phrase is, "I DO IT!" Her physical weaknesses don't slow her down as she participates in dance recitals and keeps up with her classmates and siblings. Her miraculous story of survival is due in part to the advanced pieces of equipment used in the NICU which were purchased through funds raised by Children's Miracle Network Hospitals. She continues to receive occupational, physical and speech therapy and attends the CHRISTUS Trinity Mother Frances Special Needs Clinic, made possible by your gifts to CMNH.

Kimber Jane is a joy to her family, and she continues to inspire others with her cheerful smile each day.

# TOWERING OVER ADVERSITY

**BRADLEY-THOMPSON TOWER**  
**CHRISTUS TRINITY MOTHER  
FRANCES HEALTH SYSTEM**

## The timing was not a coincidence, but a *God-incidence*.

The first patients arrived just a few hours after the ribbon was cut and the blessing ceremony completed at the Bradley-Thompson Tower. The completion of the 200,000 square foot, multi-story tower at CHRISTUS Mother Frances Hospital – Tyler, with its highly-efficient emergency care center and two state-of-the-art intensive care units could not have come at a more critical time, during the height of the COVID-19 pandemic. Health care heroes leapt into service, immediately putting the new facility through its paces.

It was awe-inspiring to see the Northeast Texas community come together in support of this vital resource. By supporting The Red Door Project the community has opened the door to the advanced treatment space patients need, allowing CHRISTUS Trinity Mother Frances Health System to maintain the standards of exceptional emergency care provided for all who walk through our doors.

“And we know that all things work together for good for those who love God, who are called according to His purpose.”

**Romans 8:28**

“Stand up straight and realize who you are,  
that you **tower** over your circumstances.”

**-Maya Angelou**

This project is future-focused and patient-centered, and we are so grateful for the support from individuals and corporations in our community. We are awed by your willingness to give meaningful gifts to help your neighbors in our region. The need for private support, through The Red Door Project campaign, was vital for CHRISTUS Trinity Mother Frances ability to transform health care for patients and continue our mission to extend the healing ministry of Jesus Christ for generations to come.

The State-of-the-Art Facility includes:

- Separate adult and pediatric waiting rooms
- 48 private ER exam rooms: 40 adult, 8 pediatric
- Two 2-bay trauma rooms
- Two rooftop helipads and high-speed elevator
- Advanced imaging center
- Two sophisticated intensive care units, 48 patient rooms
- Increased patient privacy and infection control

# HEARTFELT GIFTS OF TREASURE

Jesus said, "Where your treasure is, there your heart will be also." These generous supporters of CHRISTUS Trinity Mother Frances have made gifts from the heart in support of our mission to extend the healing ministry of Jesus Christ to the communities we serve. We thank you!

## **Ruth Ann and Thomas A. Young Terrace in Bradley-Thompson Tower**

High school sweethearts Ruth Ann and Tommy Young were married for nearly 61 years. Family has always been their pride and joy, including their children, grandchildren and great-grandchildren, their "circle of strength, founded on faith, joined in love and kept by God." The Young Terrace will provide a peaceful respite space for reflection in times of crisis or celebration in times of healing for our patients, families, Associates and guests. Ruth Ann had a deep love for others and devoted her life to service. We are grateful to Tommy Young for his support of CHRISTUS Trinity Mother Frances Foundation and for dedicating the Young Terrace in loving memory of his wife, Ruth Ann Young.

“LIFE IS A BEAUTIFUL TREASURE THAT HAS MEANING ONLY IF WE SHARE.”

HIS HOLINESS, POPE FRANCIS, BISHOP OF ROME

#### **Ray Thompson Memorial Heliport in Bradley-Thompson Tower**

Ray Thompson was instrumental in the establishment of the Flight For Life program in 1985 at CHRISTUS Mother Frances Hospital – Tyler. His passion for this critical service was evident to all, and his commitment to provide life-saving treatment to critically ill and injured patients in isolated medical communities through the Flight For Life program continued throughout his life. With the naming of the Ray Thompson Memorial Heliport, CHRISTUS Trinity Mother Frances is pleased to honor and remember this champion of emergency services in Northeast Texas and beyond. We are grateful to Marilyn Thompson for her generous gift in loving memory of her husband.

#### **ICU Prayer Rooms in Bradley-Thompson Tower**

For over 80 years, the Sisters of the Holy Family of Nazareth have served East Texas families through their ministry at CHRISTUS Mother Frances Hospital – Tyler. The Sisters are committed to creating communities of love and hope which foster and celebrate the oneness of the human family. Studies have shown that quiet periods of meditation and reflection greatly aid in the healing process and with stress management. These multi-faith spaces are quiet locations set aside in the busy third and fourth floor ICU units in Bradley-Thompson Tower, where patients, families and staff can break from the often emotional and physical strain and spend time in private contemplation or prayer. Our heartfelt thanks to the Sisters of the Holy Family of Nazareth for making a generous gift to sponsor these two Prayer Rooms.

# Rebirth

"Little children, you are from God and have overcome adversity, for He who is in you is greater than he who is in the world."

**1 John 4:4**

Babies come into the world when they are ready, no matter what else is going on, including a pandemic, and the newly completed Birth Center at CHRISTUS Mother Frances Hospital – Tyler was up and running and ready to receive them! Generous supporters of the postponed A Toast to East Texas 2020 made this comprehensive expansion and modernization a reality, continuing their gifts to the CHRISTUS Foundation Women's Board 2020 fundraising initiative, The Violet Door Birth Center Expansion through its completion.

**1,911** babies were born in the new Birth Center from March to September 2020, including baby Ford, the second child of Women's Board Co-Chair Heather Bates. "When we took on this project, I was excited at the prospect of having my baby in the new Birth Center. The new patient room was beautiful and spacious, and I am proud to have contributed to the re-creation of this important hospital department. It wasn't the experience I had anticipated because of COVID-19, but the staff took beautiful care of us, and new life is a wonder that makes anything feel possible," says Heather.

To all those who contributed to this wondrous "re-birth," we thank you for ensuring that CHRISTUS Mother Frances Hospital will continue its tradition of caring, innovation and excellence.

In August 2020, CHRISTUS Mother Frances Hospital – Tyler, through its Women's Services lines, which includes The Birth Center, The Women's Center and the NICU, was nationally recognized as a "Best Maternity Hospital" by Newsweek for providing excellence in care to mothers, newborns and their families. The Foundation Women's Board is so proud to have been a part of supporting the Women's Services teams, who meet the highest standards by providing compassionate, faith-based care and continue giving babies a strong start to life, even in these uncertain times.

# CHALLENGING YOUR ANCHORS

**Scott Fossey, MBA**

Vice President,  
Philanthropy  
Northeast Texas,  
Louisiana and  
Southeast Texas

"We have this hope  
as an anchor for the  
soul, firm and secure."

Hebrews 6:19

Someone once said, "Life's roughest storms prove the strength of our anchors." If you listed all you hold close to your heart, things you thought would never change, that define you as a person, what would make your list? What are your hopes and dreams and your sense of peace tied to? **How strong are your anchors?**

For myself, God's unchanging character is my anchor, enabling me to hold firm in the high seas of uncertainty. Many of us these days would put physical health at the top of our list. Perhaps job security in these insecure times would go right up there with financial peace of mind. Family would certainly make the list and knowledge of the future would be an important inclusion for most people. In good times, these might seem like sturdy anchors, holding us in place when the gale-force winds are blowing. But what happens when a storm like COVID-19 comes along and challenges every single one of your anchors?

We have all faced unprecedented hardships due to the coronavirus. CHRISTUS Trinity Mother Frances Foundation, like countless philanthropic organizations in our country, was forced to cancel all our spring fundraising events, threatening the completion of some of our projects. But like a lifeline in a storm, you, our loyal donors, came to our aid, supporting us throughout this extraordinary time. You not only continued pledging and participating, but many of you made additional gifts to our COVID-19 Relief Fund. Thanks to the exceptional generosity of partners like you, our care givers had the tools they needed to respond with strength, speed and resilience to care for their communities in the face of incredible challenges.

In the early days when supplies were not available, your generosity helped provide for an underserved population who could neither afford nor locate essential equipment:

- Bluetooth Fingertip Pulse Oximeter Monitors so that all COVID-19 patients leaving the hospital could monitor their oxygen levels from home
- Thermometers for patients to reassure themselves of recovery and check their loved ones for any fever symptoms

When confronted with countless obstacles and immense vulnerability, our health care heroes mobilized to innovate new solutions and meet these challenges head on. Your COVID-19 contributions allowed us to outfit a special disinfection room with a Lantern UV Disinfection System. We were able to provide replacement bulbs and special UV paint for the room as well.

Your outstanding support not only supplied this life-saving equipment, but also inspired the generosity of others to help do the same, including Panda Express, who gave 20,000 masks for our frontline workers.

In a time of trepidation, the Friends of the Foundation came together to be our anchors in the storm. You were there to help hold us steady through the tempest, and we can say with confidence that you will never be a "fair weather friend." On behalf of all of us on the CHRISTUS Trinity Mother Frances Foundation team, we are grateful.

# ADJUSTING OUR SAILS

The stage was set! Nine **A Toast to East Texas** parties planned to perfection. Sponsors secured. Parties revealed. Invitations in the mail. And then...the unimaginable - Spring 2020 events blown off the calendar and postponed in a moment. Necessary, but very disappointing for everyone, especially the **Foundation Women's Board**. They could have responded with the five stages of grief: this can't be happening; why is this happening; please don't let this happen; I can't even talk about it; and finally, it is what it is. But your Foundation Women's Board jumped from stage one, "disbelief," straight to "**how can we help.**" This incredible group of women gathered their resources and began taking snacks, including Sister to Sister cookie boxes, to the health care heroes in the Emergency Department at CHRISTUS Mother Frances Hospital - Tyler.

Then other amazing things began to happen. The 2020 Toast Hosts all agreed to revisit their parties for hosting in 2021. The 2020 Sponsors and ticket holders said, "keep our donations and finish The Violet Door Project." And our 2020 Co-Chairs agreed to chair again in 2021 to finish what they started. With as much positive energy as we could muster, and with hope, we all moved forward through Spring 2020.

## A note of thanks from our 2020 and 2021 Co-Chairs:

The Lord has truly blessed us with a community full of generous hearts!

**A toast** to our wonderful 2020 Party Hosts:

**We are so very thankful for your willingness to re-group and open your homes to the community in 2021. A toast** to our generous 2020 Sponsors: With your help we were able to complete The Birth Center Expansion Project, creating a new, dynamic space for mothers giving birth in East Texas.

**A toast** to all who planned to participate in the wonderful 2020 events. Join us next spring, bring your friends, encourage others to participate and support the Women's Board in their annual endeavor to improve health care for the women and children in Northeast Texas.

The members of the Women's Board are hard at work on A Toast to East Texas 2021. We are excited to share with you the details of our fundraising initiative, **The Maternal-Fetal Medicine Program**. Until then, dear friends, "rejoice in hope, be patient in tribulation, and be constant in prayer." (Romans 12:12)

# May Miracle Month & SFA Virtual Dance Marathon

In celebration of **May Miracle Month**, Kelly Community Federal Credit Union teamed up with Dairy Queen of Tyler, Inc. and launched the first ever Miracle Mondays in May campaign. Fifty cents from each Blizzard® treat purchased on Mondays in May was donated to CMNH. A grand total of \$5,000 was donated for 10,000 Blizzard® treats sold. Talk about a sweet success!

## SFA Hosts Virtual Dance Marathon

Stephen F. Austin's Dance Marathon student-run organization hosted its first ever Virtual Dance Marathon in April. Over 100 attendees, including Miracle Families, college students and community supporters logged on to participate in the '90s-themed interactive Zoom production, which celebrated the incredible \$10,039.54 raised throughout the year, #forthekids!

# Listen. Call. Make a Miracle.

Radiothons play an instrumental part in fundraising and awareness for Children's Miracle Network Hospitals. We are honored to have three long-time media partners who continue to help us spread the word of hope, healing and MIRACLES!

## **KMOO 99.9**

KMOO, a country radio station out of Mineola, has been a CMNH partner since 1999 and helped raised over \$600,000 for local kids. Hosted by Mama T and the KMOO Crew, the KMOO Radiothon is a small-town tradition with a BIG impact!

## **MIX 93.1**

Lucky Larry and Mandee Montana, with the help of the entire Mix 93.1 studio, continue to make miracles year after year. Celebrating their 22nd annual radiothon in 2020, Mix 93.1 has raised over a half a million dollars to help local kids in the Northeast Texas community!

## **La Invasora 96.7**

Since 2014, La Invasora 96.7 has been sharing miracle stories and helping raise funds through the Spanish-speaking community in East Texas. Broadcasting 100% in Spanish, radio hosts stay on the air for over 24 hours, all para los niños (for the kids.)

**Walmart**   
**Save money. Live better.**

Walmart and Sam's Club share a basic belief - that every child deserves the chance to live better. That's why they have supported CMN Hospitals for 32 years, raising more than a billion dollars for local hospitals in the process. As our largest corporate partner, local Walmart and Sam's Club locations raised an incredible \$100,000 for kids in Northeast Texas this past year!

Dairy Queen has partnered with CMN Hospitals since 1984, raising more than \$150 million dollars for children's hospitals, including over \$40,000 in 2019 for Northeast Texas children. Year-round fundraising on a store level, as well as the fan-favorite, Miracle Treat Day, allows this corporate partner to help make miracles sweeter than ever!

**Kiwaniis**

Kiwaniis International has been a proud partner for over thirty years and gives back year after year on a local level. Several local Kiwanis Clubs are very active with CMNH at CHRISTUS Mother Frances Hospital - Tyler and are dedicated to improving the lives of children, one community at a time.

**\$356,000**

**Total raised by corporate partners  
 in 2019 for CHRISTUS Trinity

**RE/MAX**

With a passion for the communities in which its agents live and work, RE/MAX is proud to raise money for local kids since the partnership began in 1992 through the Miracle Home Program and hosting fundraising events.

**CMN Ho

**ACE**  
**The helpful place.**

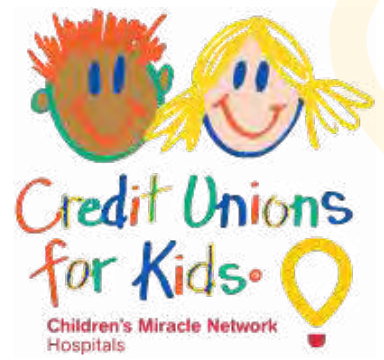

Ace Hardware is known as "The Helpful Place" and has been helping make miracles for CMN Hospitals since 1991. Whether through their Round Up Campaigns or the ever-popular Ace Bucket Days, Ace Hardware stores believe in the power of local, and working together to build a better health care community, #forthekids.

Valvoline has been a CMN Hospitals partner for over a decade and continues to work hard to increase their fundraising dollars each year.

Local Credit Unions raise money a variety of ways and are driven by the philosophy of "people helping people." Their support of CMN Hospitals is a great example of how credit unions support their communities and put their members first.

# Hospitals Partners

## Companies giving Local level

A partner since 1999, CEFCO not only fundraises for local kids, but strives to operate by the company's motto: Do the right thing. CEFCO is certainly doing the right thing by raising over \$65,000 this past year and helping save the lives of local kids.

As the fastest growing CMN Hospitals corporate partner, Panda Express focuses on giving back to kids in their community in more ways than one. Along with their year-round Round Up Campaign, Panda Express associates generously donate their own money to improve pediatric health care in the communities where they live, raising over \$66,000 for kids in East Texas in 2019 with **Panda Cares for the Kids**.

As the very first corporate partner for CMN Hospitals, Marriott has been making miracles for kids since 1983.

Love's Travel Stops LOVES the kids! As one of CMN Hospitals longest running partners, Love's Team Members raise tons of money for kids, simply by asking their customers for donations, often one dollar at a time. Along with National Coffee Day initiatives, Love's and their customers are going the extra miles of miracles for local kids.

**Indicates paper balloon icons are sold within the partner location for fundraising**

# The Center for Pastoral & Spiritual Care Campaign

## *Mind • Body • Spirit*

Members of the Pastoral Care Team daily extend the healing ministry of Jesus Christ to our patients, their families, our Associates and caregivers. In 2019, the team of full-time Chaplains, along with the Resident members of the Clinical Pastoral Education (CPE) program, provided emotional, spiritual and religious counseling to over 14,000 members of our community. The challenge: this compassionate group is currently spread out in multiple small offices without a centralized location! This program, committed to whole-person care – the healing of the mind, body and spirit, has been thriving since its inception in 1937. But it is time for the members of this important group to come together as a true team in the heart of our Tyler hospital campus, increasing access for those in need and providing a unified space for communication, education and contemplation.

The Center for Pastoral & Spiritual Care is a project that will only happen with philanthropic community support! The Center will include:

- **Quiet and Welcoming Waiting Room**
- **Prayer and Meditation Room**
- **Reception and Records Area**
- **Expanded Conference Room**
- **Chaplain Residents Work Space**
- **Sleep Room for On-Call Chaplain**
- **Six Chaplain Offices**

By supporting the Center for Pastoral & Spiritual Care Campaign, you will greatly help those who provide emotional, spiritual and religious counseling to people of all faiths and belief systems who seek medical care. Your gifts will continue a tradition of caring that is unsurpassed.

For more information about supporting this project, email [robin.rowan@christushealth.org](mailto:robin.rowan@christushealth.org).

# THE MATERNAL-FETAL MEDICINE PROGRAM

## The 2021 Fundraising Project of the CHRISTUS Trinity Mother Frances Foundation Women's Board

There is no more heartbreaking moment for a family than when their unborn child is diagnosed with "complications." In the past, when women have been diagnosed with a high-risk pregnancy, their only option has been to travel back and forth to Dallas for observation and treatment. This adds stress to an already difficult diagnosis and is impossible for many.

In September of 2019, CHRISTUS Trinity Clinic launched the Maternal-Fetal Medicine Program which provides comprehensive care for women who are at high risk for complications threatening the health of the mother and/or baby during their pregnancy through birth.

Patients are treated with a multi-disciplinary approach, bringing together a team of specialists who develop a continuum of care plan including:

- The referring OB/GYN physician
- The Maternal-Fetal Medicine team
- Neonatology physicians and the NICU team
- Pediatrics
- A Genetic Specialist
- Special Needs
- Respite Care
- and if needed, Hospice of East Texas

Since opening in September 2019, the number of MFM visits totaled over 2,000 and they continue to see 10 to 12 patients per day in the clinic.

The CHRISTUS Trinity Mother Frances Foundation Women's Board has chosen the Maternal-Fetal Medicine Program as their 2021 fundraising initiative. By supporting the CHRISTUS Trinity Clinic Maternal-Fetal Medicine Program, you are making a difference in the lives of babies and families in the following ways:

- Funding the acquisition of an essential tool - the General Electric Voluson E10 Ultrasound System. This state-of-the-art device has 2D, 3D and 4D imaging capabilities, providing patients with comprehensive fetal ultrasound which helps the MFM team accurately diagnose a wide range of complex prenatal conditions in the highest definition imaging possible at the earliest point in the pregnancy.
- Supporting increased MFM Program awareness both for health care professionals and parents in our community, especially to an underserved population, meeting the needs of the family from preconception consultation and prenatal diagnosis to treatment, delivery and follow-up care.

For more information about supporting the Maternal-Fetal Medicine Project, email [suzie.rippy@christushealth.org](mailto:suzie.rippy@christushealth.org) or call the Foundation Office, 903.606.4752.

# Children's Miracle Network Hospitals Funding Allocation Goes Virtual

The Community Advisory Committee, a group of community volunteers, came together in July to distribute the pediatric funds raised by Children's Miracle Network Hospitals from fiscal year 2019-2020. Each year, departments within CHRISTUS Trinity Mother Frances Health System that treat pediatric patients, present requests for funds to support their programs. This year the allocation process was a little different than the normal in-person deliberation, but extremely successful none-the-less. Kudos to CMNH Program Manager Christina Mosier for coordinating all presentations and deliberations by Zoom meeting! Children's Miracle Network Hospitals and the Community Advisory Committee was proud to allocate \$1.2 million back into the health care system to continue making miracles possible!

Begin With You

## Honoree - NICU Families

This year's global pandemic created an unprecedented world crisis. Hospitals were unable to allow visitors for sick loved ones. And one group of people were especially hard hit by the forced separation. The families of infants born too sick or too soon who were placed in the Level III Neonatal Intensive Care Unit at CHRISTUS Mother Frances Hospital – Tyler shouldered full responsibility for their critically ill babies without on-site support of family and friends.

After extensive research and recommendations from NICU caretakers and former NICU families, Children's Miracle Network Hospitals has committed to fund an essential family support program. **Hand to Hold**, a non-profit organization, helps families before, during and after a stay by providing powerful resources and support for the whole family. Parents receive a literal "hand to hold," one-on-one mentoring support from a trained professional who is also a former NICU parent. WE need your help to continue to make these services available for our NICU families who depend on this support

We are thrilled to announce that the 2021 Miracles Begin With You Honoree will be a very special group of Miracle Makers – **our NICU Families!** 100 percent of the proceeds from Miracles Begin With You will go to fund the Hand to Hold Family Support Program benefiting these Miracle Families.

In place of a traditional event, please join us on an incredible journey as we share the heart-warming stories of local NICU families. We will share these amazing videos on our website, [MiraclesBeginWithYou.org](http://MiraclesBeginWithYou.org).

Your gift to Miracles Begin With You in honor of NICU Families will provide:

- \$5,000 - Help provide a dedicated, on-the-floor Family Support Specialist with personal NICU experience, to help families navigate life in and out of the hospital.
- \$2,500 - Help provide virtual and in-person support groups for families going through the NICU experience.
- \$1,000 - Help provide a customized bead program for each family, recognizing important milestones in the NICU journey.
- \$500 - Help provide an extensive catalog of handheld and online resources geared toward understanding and overcoming the unique challenges of being a NICU parent.

Like lighthouse beacons in a storm,  
these East Texas supporters came forward to  
shine the light of kindness for the benefit of others.

### **Kids For The Kids**

Twelve-year-old Emerson Evans knows how to make Miracles extra sweet! She raised over \$2,000 for CMN Hospitals, selling her homemade blueberry streusel cakes. Kids giving back to kids... **way to go, Emerson!**

### **Panda Cares**

As part of its ongoing commitment to supporting medical professionals on the frontlines in East Texas, Panda Express® donated 1,920 N95 particulate respirators and 18,000 single-use surgical masks to CHRISTUS Mother Frances Hospital – Tyler.

"It's our privilege to help protect and provide comfort to the selfless hospital staff at CMN Hospitals. We thank our guests and associates for their generosity and support that make these donations possible. We stand together to be stronger together," said Dr. Peggy Cherng, Co-Founder and Co-CEO of Panda Restaurant Group. **Thank you, Panda Express!**

### **Blooming For The Kids**

Altman Plants generously donated hundreds of beautiful plants for the CMN Hospitals Spring Plant Sale.

\*Ex-Officio

During these months of quarantine, masking and social-distancing, we have all had a lot of time on our hands. Many of us spent more energy than we'd admit cruising the TV channels for entertainment. You may remember the '60s TV hit show, *Gilligan's Island*. A group of five very different people charter a boat from Honolulu for a three-hour junket with two crew members – the Skipper, and his happy-go-lucky sidekick/crew, Gilligan. Unfortunately, the lovely outing is thrown off-course by a sudden typhoon, resulting in them being shipwrecked on an uncharted island where they have hilarious adventures.

In popular culture, when something takes much longer than you thought it would, they say, "like a three-hour tour." COVID-19 has been like a three-hour tour. Being at home with your family, soulmate or friends during this pandemic may have felt a little like being marooned. We're not saying that "All you really need to know you could learn from *Gilligan's Island*," but perhaps there are some life lessons we share with the Castaways that are worthy of mention.

**In the midst of a crisis, Be A Hero.** Gilligan, with all his fears, became a hero when given the chance. The health care heroes at CHRISTUS Mother Frances Hospital have spent countless hours away from family in the eye of the storm, pushing past their fear to help save the lives of their East Texas neighbors. **We applaud their bravery.**

**Find the blessings that surround you every day.** The Castaways spent so much time obsessed with trying to get back to civilization that they didn't see the paradise that surrounded them. All of us must strive to see the blessings in our situation, no matter the circumstances, and find joy in the everyday things that fill our lives at present. See James 1:2-3 and "Consider it all joy..."

**When times are tough, relationships are imperative.** On the island, the seven castaways – so different from one another – had to rely on each other. They survived the years of isolation by sharing what little they had with their shipwrecked fellows. This COVID-19 isolation completely changed spring fundraising for CHRISTUS Trinity Mother Frances Foundation from **in-person events to online appeals**. And, you, our amazing network of friends, continued to support generously. **We are grateful.**

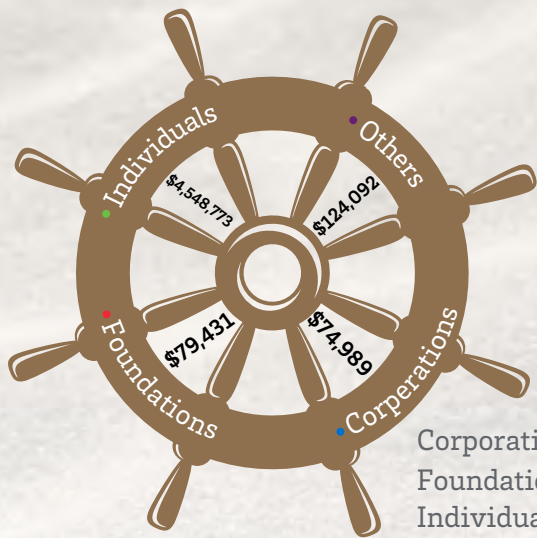

The Foundation Board of Directors thanks you for standing with us through the storm, remaining passionate and engaged in our mission to extend the healing ministry of Jesus Christ, and helping to shape the future of health care for generations of East Texans. Join us as we push forward into a world with new challenges, as well as promising opportunities. Count your blessings, cherish your family and friends and **never** take a three-hour ocean cruise run by guys in funny hats.

## CHRISTUS Trinity Mother Frances Associates "Share the Spirit" Annual Campaign

The Associate Share the Spirit graph demonstrates the increase and impact of care being provided by Associates, caregivers and physicians who donate to the CHRISTUS Trinity Mother Frances Foundation. These funds are restricted for projects, equipment and services designed to benefit the patients of CHRISTUS Trinity Mother Frances Health System.

## Children's Miracle Network Hospitals Support

This graph reflects the growth in giving to Children's Miracle Network Hospitals since 2017. These totals include all donations for CMNH from national sponsors, local sponsors, individuals and businesses. This growth has been, and will continue to be, a vital part of CHRISTUS Trinity Mother Frances Health System's success in providing the highest level of care for our smallest patients.

## **Gift Report 2020**

We are pleased to take this opportunity to thank and recognize our generous supporters. In this difficult year, your gifts made an enduring impact on health care in Northeast Texas. Thank you to the individuals, foundations and businesses who have made gifts from July 1, 2019 through June 30, 2020. Every effort has been made to ensure that this list is as complete and accurate as possible, but inevitably some errors or omissions may have occurred.

We appreciate receiving corrections, comments or questions. Please contact the CHRISTUS Trinity Mother Frances Foundation office at (903) 606-4752.

# MAKING WAVES IN THE ART WORLD

CHRISTUS Trinity Mother Frances Foundation, in the Regions Bank building on the square in Downtown Tyler, continued its series of Texas artist installations with two important exhibits in 2020. The Foundation would like to thank Robert Langham III, artist, photographer and curator of our wonderful exhibitions for his continued support of these exhibits showcasing local and regional artists.

## The Organized Chaos-ism of Derrick White

"Awesome doesn't even begin to describe artist Derrick White. Crazy, cool, fun, excited, motivated, inspired and dedicated might be a start. Derrick is hailed as 'The man who does it all' because of his commitment to his art, his students, his community and his family." – A. C. Slaughter.

"There are so many college professor burnouts who stop producing once they start teaching, but I find the opposite to be true for myself. I gain energy from my students and being an art professor makes me a better artist, which makes me a better professor," says Derrick. Derrick is the Art Department Chair and a full-time art professor teaching painting, sculpture and Art Appreciation at Tyler Junior College. He holds both a Master of Fine Arts degree and a Bachelor of Fine Arts degree from the University of North Texas, Denton, and has regional and national exhibitions to his credit.

Derrick takes ideas and inspirations from daily life and the lives and world around him. He says he is attracted to the unstructured results of actions and the inherent nature of materials. Derrick wants his work to be engaging and fun, but to also reveal its sincerity through form.

## Russell Belue – The Transition Zone

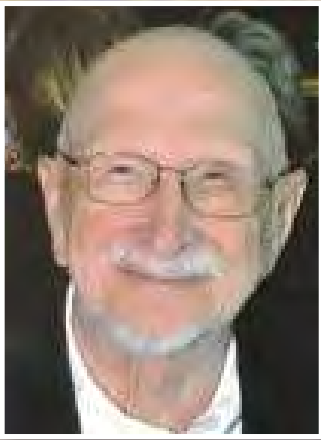

For artist Russell Belue, it's about capturing a multi-dimensional world on a two-dimensional surface. "The edges are where most of the action occurs. The place where two worlds meet. That moment when black becomes white. When harmony becomes dissonant. It's the place during the artistic process where all the uncertainty dissipates. A place just beyond what you know to be familiar," says Russell.

Russell started his art career around the time he could pick up a pencil or a crayon. He took art classes in high school and graduated from the Savannah College of Art and Design. He moved out west and ended up in Santa Fe, New Mexico. He's been painting ever since. Russell now lives in Mixon, Texas.

# Fair Winds & Following Seas

## A SALUTE TO OUR FOUNDATION CHAMPIONS

"Fair Winds and Following Seas" means safe journey and good fortune. It is often used as a nautical blessing at a "beginning" ceremony such as a commissioning ceremony of a ship or officers, as well as in retirement, a change of command or in farewell ceremonies.

CHRISTUS Trinity Mother Frances Health System has said farewell this year to four of our dearest friends. Each in their own way have enabled our health system to transform lives, positively change the communities we serve and provide hope to patients and their loved ones.

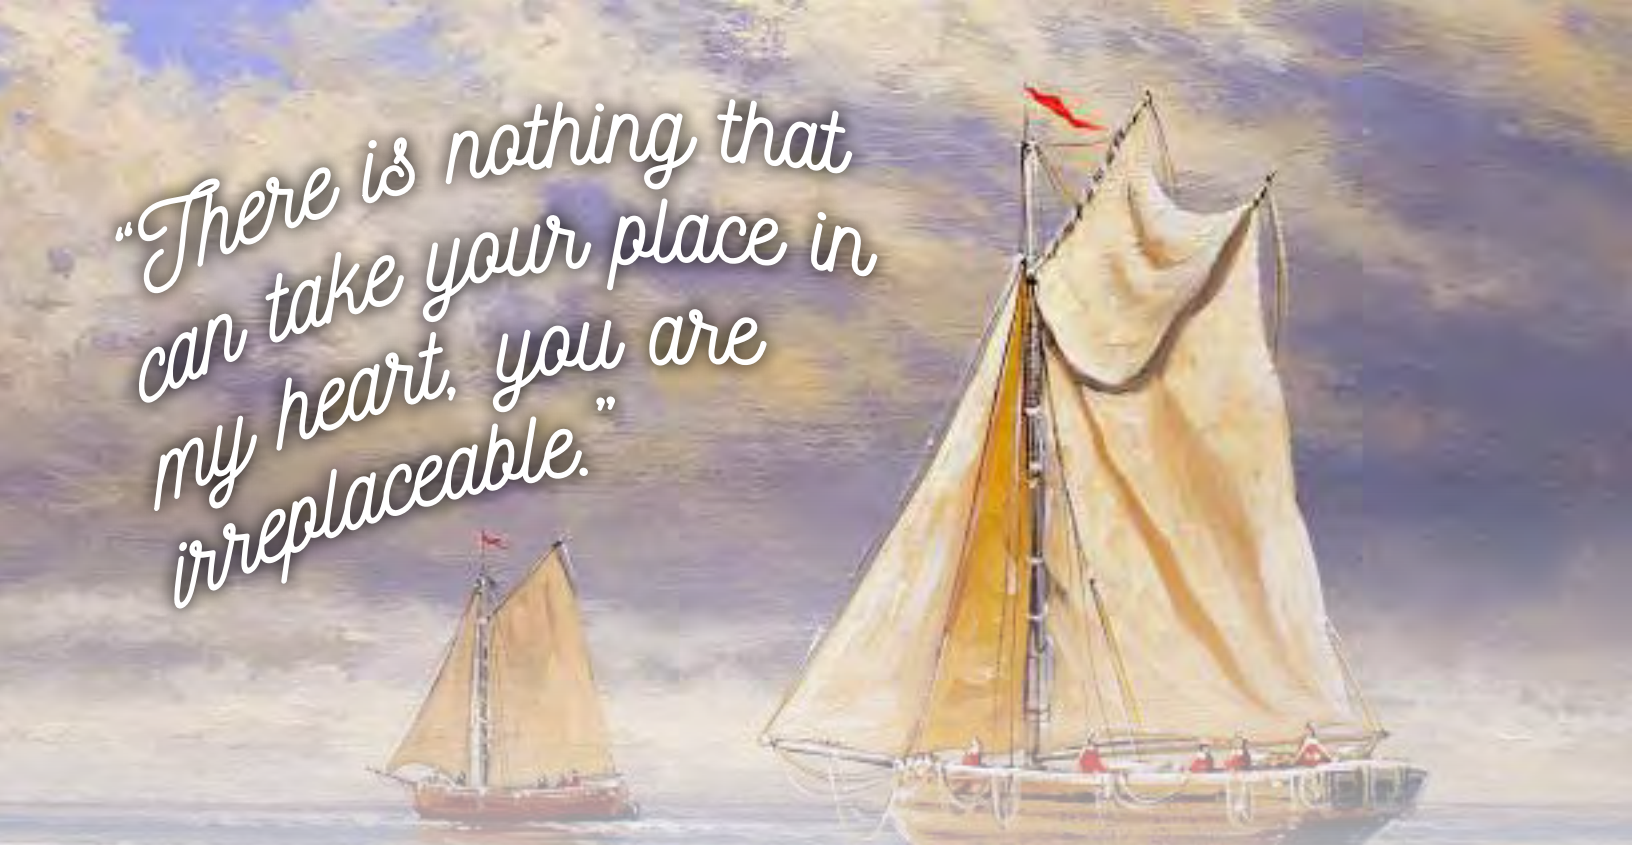

### Colonel John Oakley Childs

Colonel John Oakley Childs was a man who led by example all his life and encouraged others to follow him in service and commitment to the community. With John's boisterous personality it is no surprise that he was Senior Yell Leader while in the corps of cadets at his beloved Texas A & M University. Always loyally representing the Aggies with a signature item of clothing, if you couldn't "spot it," he'd just wink! He and wife Thelma Ruth have been faithful supporters of the CHRISTUS Trinity Mother Frances Foundation for over a decade, most recently supporting several areas of the new Bradley-Thompson ER Tower project. He wore many hats over the years from Army Ranger, to Teacher, Rotarian and Bible Study Leader, but most of all, Friend of the Foundation. **We will miss his charming smile!**

### Marie "Peaches" Owen

Along with husband Louis, Peaches Owen made her vision of a world-class heart hospital in Tyler a reality for the families of our region. Her gift to the community – a legacy of excellent heart care for the people of Northeast Texas. Peaches Owen was a friend and a constant encouragement to the Foundation for many years and played a vital, lifesaving role in the lives of so many through her support of our mission and the CHRISTUS Trinity Mother Frances Louis and Peaches Owen Heart Hospital. The Owen family's philanthropic generosity and compassionate desire to help the people of Northeast Texas will live on for generations. **Peaches' infectious enthusiasm and passion to help others will never be forgotten by the CHRISTUS Trinity Mother Frances Foundation.**

*"There is nothing that  
can take your place in  
my heart, you are  
irreplaceable."*

## Angel Saleh

"Miss Angel" was a faithful CHRISTUS Mother Frances Hospital volunteer for 58 years who gave over 14,000 hours of service. Her proudest accomplishment was starting the ICU and Surgery Waiting Room manned by volunteers in the late 1970's. Years later, her husband "Snooky" made a generous gift to the Foundation in her honor to create the Saleh Surgery Waiting Room. With a twinkle in her eye, a warm smile and a hug for everyone she manned her volunteer post in the hospital every Wednesday and was known for comforting thousands along her journey, handing out delicious strawberry candies. Miss Angel was a devoted attendee at all Foundation special events. Her generosity through the Saleh Family Foundation leaves a legacy of giving that will live on for generations to come. **An amazing sweetheart of a lady - she will never be forgotten.**

**Last, but never least...**

## Dr. Patrick R. Thomas

To define Patrick R. Thomas, MD, by a single term would be quite a challenge. He was a surgeon, a golfer, a veteran, a sailor, a story-teller, a civic, cultural and Christian leader. He was a visionary who co-founded our health system and supported it with his presence until his death in September of 2019. As Sr. Development Officer, Dr. Pat often joined Foundation Team meetings, always encouraging us to "tell our story" to the community as we sought funding for health system projects. The rudder of his faith strengthened and guided us as a Foundation. If Dr. Pat were alive during this pandemic, we know he would advise us to "be anxious for nothing." **We miss you!**

We at CHRISTUS Trinity Mother Frances Foundation have always felt a special connection to these wonderful people. We thank our Lord for them being part of our lives. **Fair winds and following seas to our irreplaceable dear ones.**
