Cheerio is a beautiful golden retriever and a loyal friend. Her most favorite thing to do is to be loved and petted; though, collecting socks around the house runs a close second! Transforming from a timid dog to the jewel she is today, Cheerio is proof that love, persistence and trust can change fears into golden opportunities.

Cheerio's personality conveys the message that, we as a team, share with people young and old:

“You are valuable. You are loved.”

“God demonstrates His own love for us in this: while we were still sinners Christ died for us.” – Romans 5:8.
